HOTELS

FOR THE FIRST TIME IN SEVERAL YEARS, THERE IS A NEW NUMBER ONE atop the annual **HOTELS** ranking of the world's biggest hotel companies. **Hilton Worldwide** added close to **37,000** guestrooms in 2014, surpassing **IHG** and moving into the top spot on the list.

Marriott International moves into the second slot by adding 39,000 rooms, while IHG — still adding more than 31,000 rooms — stands third in the listing and will likely return to the top next year with Kimpton now folded into its portfolio (the deal closed in January after our deadline).

But again, the march up the ranking by Chinese hotel companies is noteworthy. Guangzhou's Plateno Hotel Group makes a big leap up to the seventh position in the ranking, while previously unidentified Eastern Crown Hotels Group joins the ranking in the 33rd position.

In fact, based on the new data, one thing remains abundantly clear: industry growth on a global scale is continuing unabated.

ABOUT THE RANKINGS

Data for the HOTELS 325 is gathered through an online survey completed by hotel company contacts. Individuals are asked to report the number of guestrooms and hotels in operation systemwide as of December 31, 2014. Companies that do not respond are subject to an estimate through public records, previous years' data, industry sources and independent research.

In some cases, rooms and hotels are counted more than once because HOTELS chooses to separately report data from owner-operators, managers and franchisors on the same list. Thus, a single property that is owned by one party, managed by another and branded by a third would be counted three times. Furthermore, this ranking omits companies that exclusively or overwhelmingly own hotels; only companies that also manage, own and operate, or franchise hotels are included. As a result, REITs and private equity companies are excluded.

Noteworthy changes: 25 hotel companies joined the 300 corporate ranking this year, either due to growth, mergers and acquisitions creating new businesses or because they were previously unidentified. The biggest company to join: Eastern Crown Hotel Group China. Among the consortia, two companies were added, including K Hotels from California sneaking in at No. 25.

Special thanks to the following companies and individuals who helped HOTELS collect data:

- Beijing International Studies University
- Horwath HTL
- MKG Group
- PHG Hotels & Resorts
- Chris Scott, freelance contributor
